September 2017

Thank you to the area Belton/Raymore churches who support us in helping Cass County families in need. Your contribution helps to bridge the gap between welfare and self-sufficiency. In August, the FRCCC coordinated \$2,121.05 in resources for crisis prevention. We assisted families in need with 1,353 clothing items and 808 Project Fresh Start items. Our partnership with MANNA Fellowship Church's food pantry helped feed 148 people.

We are very low on operational funds at this time.

We need considerable giving right now to keep open so that we can do our best for those in need.
